## EDUCATION GALLERY & WELCOME CENTER

At last the dream is here. The Sanctuary exists to satisfy and protect the needs of elephants. Our nearby Education Gallery & Welcome Center in downtown Hohenwald will become the first step in the heart of the educational experience.

- **EDUCATION GALLERY:** These areas will host unique exhibits and education programs about elephants. A multi-media gallery theatre will feature films and live ele-cam viewing.
- **VISITOR'S CENTER** and **GIFT SHOP:** Providing a destination to welcome visitors from around the globe who have expressed a desire to visit the town that is home to the nation's largest elephant sanctuary.
- **ADMINISTRATIVE OFFICES:** The Sanctuary will utilize this space for its catalog sales department and shipping/receiving, plus future staffing needs. Lofts above will serve as space for meeting rooms, volunteer training and more.
- **ENVIRONMENTAL DESIGN:** All aspects of the construction of this facility will be chosen for minimal environmental impact, while remaining respectful to the city's trademark historical appearance.
